

Evansville – Vanderburgh County Multi-Hazard Mitigation Plan

TABLE OF CONTENTS

1.0	INTRODUCTION	1-1
	Purpose and Need	1-1
	Scope	1-2
2.0	COMMUNITY PROFILE.....	2-1
	Geography – Location and Area.....	2-1
	Climate	2-2
	Physical Features and Land Use.....	2-3
	Population.....	2-5
3.0	PLANNING PROCESS	3-1
	Local Government / Community Participation	3-3
	The Planning Process	3-3
4.0	RISK ASSESSMENT.....	4-1
	4.1 Hazard Identification	4-3
	Disaster Declaration	4-3
	Drought.....	4-7
	Wildfires	4-10
	Earthquake.....	4-13
	Liquefaction.....	4-15
	Ground Motion Amplification.....	4-16
	Extreme Temperatures.....	4-19
	Flood.....	4-23
	Dam and Levee Failure	4-31
	Infestations	4-37
	Man-Made Hazards	4-39
	Mine Subsidence	4-41
	Thunderstorms / High Wind.....	4-47
	Tornadoes	4-51
	Winter Storms.....	4-55
	4.2 Vulnerability Assessment.....	4-59
	4.3 Capability Assessment.....	4-71
5.0	MITIGATION STRATEGY	5-1
	5.1 Goal Setting.....	5-2
	5.2 Identification of Mitigation Measures	5-3
	5.3 Mitigation Strategy.....	5-4
	5.4 Action Plan	5-7
6.0	PLAN ADOPTION.....	6-1
7.0	PLAN IMPLEMENTATION AND MAINTENANCE.....	7-1

APPENDIX A – PLANNING PROCESS

- Community Planning Team
- Public Input Advisory Committee
- Committee Resolutions
- Meeting Minutes

APPENDIX B – HAZARD IDENTIFICATION

APPENDIX C – HAZARD MAPPING

LIST OF TABLES

Table 1 Area Populations 2000 U.S. Census.....2-5

Table 2 DMA and CRS Planning Cross Reference3-2

Table 3 Federal Disaster Declarations.....4-4

Table 4 Precipitation Summary
1971-2000 National Climatic Data Center Normals4-7

Table 5 Palmer Classifications4-7

Table 6 Comparison of Richter Magnitude and
Modified Mercalli Intensity Scales4-14

Table 7 Temperature Summary
1971-2000 National Climatic Data Center Normals4-19

Table 8 Heat Index Values and Effects4-20

Table 9 Major Flooding Sources in Evansville –Vanderburgh County4-24

Table 10 Critical Flood Depths and Velocities4-25

Table 11 Inventory of Flooding Problem Areas Identified4-27

Table 12 Repetitive Loss Structures.....4-28

Table 13 Repetitive Loss Structures within Identified Floodprone Areas4-29

Table 14 Dams located within Evansville-Vanderburgh County4-31

Table 15 Coal Mines in Vanderburgh County.....4-44

Table 16 Fujita Tornado Scale.....4-51

Table 17 Snowfall Summary
1971-2000 National Climatic Data Center Averages4-55

Table 18 Catastrophic Damages4-59

Table 19 Cultural Resources.....4-60

Table 20 Summary of Probable Hazard Risk and Vulnerability4-65

Table 21 HAZUS Results4-67

Table 22 Flood Hazard Damages4-68

Table 23 Evansville and Vanderburgh County Capability4-72
